

## **Home Health Services from Manipal Homecare**

*Professional Medical Services provided with care,  
in the comfort and privacy of your home.*

### **WHEN WILL I NEED HEALTH CARE SERVICES AT HOME?**

There are many situations in which home health services make perfect sense. Maybe, you have a young child at home and there is no one to look after the baby while you make a trip to the hospital. Due to your illness or injury or post your treatment, you may be temporarily immobile and travelling all the way to the hospital will be too much of a chore. In which case, you may have to depend upon someone else to take you. In times like these, it's really inconvenient and risky to travel in traffic just to get a simple medical procedure done when you can get professionals to do it at home. This is when Manipal Homecare can help you, by sending the hospital to your home.

### **HOW CAN MANIPAL HOMECARE HELP ME?**

Given the sensitivity of these services, it's important to find a reliable and trusted provider with a wide range of solutions to take care of most of your medical needs at your home itself. Manipal is a name synonymous with the best in healthcare. Our offering range from essential nursing services to more complicated medical procedures that could require consultation with a doctor over a Web camera. We can also send a General Practitioner home if the need arises. However, due to the nature of the services, this does not include emergency medical care at home.

### **WHAT MAKES MANIPAL HOMECARE SO SPECIAL?**

These services are offered by Manipal Healthcare. We are one of Asia's largest healthcare management groups with 14 hospitals, which include internationally renowned hospitals such as the Manipal Hospital in Bangalore, KMC Hospital in Mangalore and Kasturba Hospital in Manipal. Our nurses and aid helpers, receive expert training in all relevant fields at these very same hospitals. This training includes following well defined procedures (SOP-driven services) to ensure the best possible levels of quality in our service. We make sure that our staff is capable of handling any situation with competence and care.

### **WHO WILL BE A PART OF MY HOME HEALTH CARE TEAM?**

To provide the best possible medical care at home, mobile units consisting of a nurse, health-aid helper and a driver. Certain teams will also include a physiotherapist.

### **CAN I AFFORD IT?**

While you can't put a price on good health, it's also practical to plan your expenses. You will find our costs more than reasonable for the high quality of service offered and the time and effort we can save you.
